Now that the community has completed work on bringing our street signs up to the new code requirements, we will once again be seeing the Port Orange Police Department patrolling our streets.

In order to avoid tickets and/or fines, please be sure to obey all local driving laws including speed limits, stop signs, and parking restrictions on the sidewalks.

Updates from the Landscape Committee-

In January a new Landscape Committee was formed to help assist in identifying issues in the common areas that needed improvement or maintenance. Committee members include; Joyce Velba, Pat Greenfield, Pat Waggoner, and myself, Connie Pawela.

In April we met with our current landscaping /maintenance company and walked the grounds to identify common areas that needed refreshing. At that time, we started with the first two islands outside the gate, removed the deteriorating Juniper, and replaced it with new plants and sod. In September we presented a more extensive landscaping plan and submitted layouts, designs and costs to the board that would include major reworking of two more islands inside the gate, as well as adding and repositioning some plants on two additional islands. This plan is now in front of the board waiting for final approval.

We will also be changing out all of our annual beds three times per year now verses semiannually. We are also adding colorful annuals at the entrance under our Sanctuary signs that will follow the same scheduled rotation.

Landscaping improvements will be an ongoing effort and we will continue to update you on future plans and changes that are identified. Our goal is to keep our neighborhood looking beautiful!

Sincerely,

Connie Pawela
