September 2018 ISSUE 5

A MESSAGE FROM OUR PRESIDENT

Greetings once again.

By the time you read this, we will once again be into a new school semester. Please be extra cautious in the morning and afternoon when driving through the streets and exiting the neighborhood. More children will be walking, riding their bicycles and hopping in and out of cars. Additionally, buses will now be commonplace along with their stopping for loading and unloading passengers. Most importantly, be aware of the early busses (if you are out at that hour) that come for students even in the dark of morning. While the busses use their flashers according to the law, the student passengers can be especially hard to see. In the words of the sergeant from Hill Street Blues – "Hey, let's be careful out there."

I appreciate how diligent we are about keeping the neighborhood looking pristine. It's what we all strive for. It makes living here all that more enjoyable. However, I do hear from time to time about those who don't share that same initiative. That too appears to be part of living in an HOA. For those new to the neighborhood, and as a reminder for others, all dogs (yes, mine and yours) per our C&Rs must be on leashes when out in the neighborhood. Additionally, please help keep the neighborhood clean, by picking up after your pet – whether on someone's private property or on the common area. And we do mean pick up. Leaving a plastic bag behind (as has been brought to my attention) does not help anyone. There is no regular maintenance service in the Sanctuary that collects this. We only contract for lawn service. Thank you so much for helping us in this way. Your neighbors really appreciate it.

Lastly, please be sure to place your garbage cans or lawn debris on your property and not on the roadways. The Sanctuary has fairly narrow streets and when garbage cans or lawn debris is placed on them, it results in forcing vehicles to move out of their traffic lane to avoid the debris. This creates an undue traffic hazard, and one that is easily mitigated. Keeping debris on the apron of the driveway is the best way to keep all of us safe. Thank you for your attention to this.

Enjoy the remainder of the summer!

COMMUNITY MEETINGS	
Board of Directors	Architectural Review
September 13th October 11th November 8th Meetings are held at 7PM at the Port Orange City Hall 2nd floor conference room. All residents are urged to attend.	Meetings are held on the FIRST Monday of the month (except for holidays) at 5:30PM in the Port Orange Library and are open to the community. Applications received during the month are reviewed at these meetings. If you plan to attend, please notify our property manager at 386-219-2010

HOA BOARD OF DIRECTORS

President Warren Klemm

Vice President Dave Hampton

Secretary Ann Colt

This newsletter is created for the information and entertainment of the residents of The Sanctuary on Spruce Creek. Comments, information, and opinions expressed are those of the individual writers and not necessarily shared by the Board of Directors. Official notices from the Board will be signed as such.

ARC UPDATE

The ARC would like to thank all of our neighbors for their cooperation during the just completed annual review.

Over the last several inspections, the committee has noticed a steady decline in the condition of the driveways in the community. We realize that part of the reason for the deterioration of the concrete is the inferior concrete work originally done by the builder. However, it is still the homeowners responsibility to maintain the driveways.

There are several options available to homeowners, i.e. painting & sealing the driveway with an ARC approved paint (contact our agent, TLC for approved color. We suggest using a gritty sealer such as Shark Grip to avoid a slippery surface), resurfacing the concrete or installing pavers. Of course, an ARC application should be submitted and approved prior to any work being done.

If there are currently any major cracks or uneven surfaces, they should be taken care of ASAP.

The sooner we start to address the wear and tear problems of the driveways, the less the need for official notices down the road.

WITH HURRICAN SEASON IN FULL FORCE, IT IS IMPORTANT TO KEEP STORM DRAINS CLEAR OF DEBRIS

Removing any leaves or debris from your storm drains will keep the city storm water system working. Call the Public Works Department to report clogged, blocked or polluted storm drains at 386-506-5575.

Items that should NOT be dumped into the storm water system include:

- Yard Waste
- Garbage, refuse, or litter
- Chlorinated swimming pool water
- Household waste water
- Oil, automotive fluids
- Paints, varnishes, solvents
- Herbicides, pesticides, fertilizers

Please remember that it is illegal to park on the side-walk or right a way even if it is YOUR OWN driveway.

Overnight street parking is also prohibited per our C&R's.

Update from the Landscape Committee

Over the past few months we have been working hard on many projects to maintain the beauty of our neighborhood. We have updated our front entrance with a beautiful new landscape design that includes palm trees, flowering plants, shrubs, and colorful annuals. We have also completely revamped the lighting at our front entrance, giving us a new look as we enter our community at night. As you may have noticed, we have been busy planting new magnolia trees on Roscoe Turner, pressure washing our sidewalks, and completing a major tree trimming project throughout our community. We still have a lot of work to do and our efforts will continue as we make sure we keep our neighborhood looking great!

As you work hard on your own landscaping projects, we would like to offer you a source for some relevant information on gardening tips and clinics. Listed below are websites and meeting dates that may be helpful to you and answer questions you might have.

Gardening in Central Florida - Your University of Florida and Master Gardener's Connection

For information on all of your gardening, turf and tree trimming questions there is an excellent University of Florida source at http://solutionsforyourlife.ufl.edu.

The University of Florida Central Florida Gardening Calendar, a document within that site arranged by month, is at http://edis.ifas.ufl.edu/ep450.

A Volusia County Master Gardener is on duty Monday through Friday at the County Extension office in Deland to answer your gardening, turf and tree trimming questions: 386-257-6012

There is a Master Gardener clinic at the Port Orange Library every 3rd Tuesday at 2pm (unless otherwise advertised). They often have a monthly topic presentation at the beginning of the clinic, followed by a question and answer period. Bring them your gardening issues as well as samples of your diseased plants for diagnosis.

Happy Gardening!

Connie Pawela; Joyce Velba

Along with all of our new landscaping, you may also have noticed, A Classic Touch Painting was in our neighborhood this summer, and has painted the mailbox posts, street light poles and stop sign poles. The fresh coat of paint makes a big difference in our community and we are happy with the job that they have done. In addition to the painting, the Jasmine Vine common mail boxes were also cleaned.

As a reminder, **The City of Port Orange** has restrictions on the use of reclaimed water.

In a **non-drought** period these city rules are in place:

Watering is allowed **3 times per week** and should be done between the hours of **midnight and 8AM**

Odd numbered addresses: **Monday, Wednesday, and Saturday**

Even numbered addresses: **Tuesday, Thursday and <u>SUNDAY</u>**

You should water only when you have maximum pressure otherwise you will not get the proper coverage of your lawn. **The City reduces the pressure daily between 8AM and 5PM** as they are refilling the tanks and producing more water.

Now is a good time to check your irrigation system to see it is running properly and that all sprinkler heads are functioning. This should include the rain gages attached to your irrigation system so that you are not watering when it is not necessary.

SCHOOLS ARE BACK IN SESSION, AND OUR

CHILDREN AND THEIR PARENTS ARE WALKING AND RIDING BIKES DURING EARLY MORNIING HOURS, AND THROUGHOUT THE DAY.

HELP PROTECT ALL OF OUR RESIDENTS BY OBEYING THE SPEED AND STOP SIGNS THROUGHOUT OUR COMMUNITY. REMEMBER, PEDESTRIANS HAVE THE RIGHT OF WAY IN ALL CROSSWALKS.

THE ENTRANCE GATE WILL OPEN EACH MORNING AT 6:30AM. THE EXIT GATE WILL OPEN AT 9AM.

THE PEDESTRIAN GATE AT THE FRONT ENTRANCE SHOULD BE OPEN ONLY ON SCHOOL DAYS BETWEEN 7AM AND 5PM. IF YOU USE THE GATE AT ANY OTHER TIME, PLEASE BE SURE IT IS SECURELY LOCKED AFTERWARD. THE CODE FOR THE GATE IS 1386.

All HOA matters, including emergencies, maintenance needs, and complaints, should be directed to our management office:
Cheryl Weber, TLC Professional Group,5889 S Williamson Blvd Suite 1301,Port Orange, FL 32128 386-219-2010

BEFORE making any changes to the exterior of your home, your plans MUST BE APPROVED by our architectural review committee. Applications are reviewed monthly at the ARC monthly meetings Revised forms can be downloaded from our management website: TLC-PG.com

If your mailbox needs to be replaced call: Stu Munson

at 322-7033 for information regarding supplies and costs.
