FEB/MARCH 2019

COMMUNITY MEETINGS	
Board of Directors	Architectural Review
March 14th April 12th May 9th Meetings are held at 7PM at the Port Orange City Hall 2nd floor conference room. All residents are urged to attend.	Meetings are held on the FIRST Monday of the month (except for holidays) at 5:30PM in the Port Orange Library and are open to the community. Applications received during the month are reviewed at these meetings. If you plan to attend, please notify our property manager at 386-219-2010

Our neighbor, Oswald Bronson of 6098 Oxbow Bend Lane passed away February 10th. Our deepest sympathies go out to his wife, Helen and family. Mr. Bronson was one of the first residents here in the Sanctuary, and was also a past president of Bethune College.

HOA BOARD OF DIRECTORS

President Warren Klemm

Vice President Dave Hampton

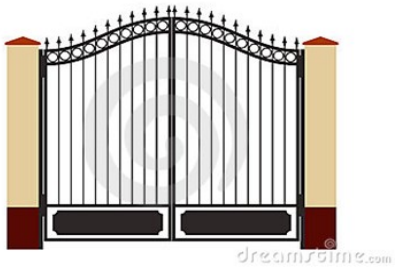
Secretary Ann Colt

This newsletter is created for the information and entertainment of the residents of The Sanctuary on Spruce Creek. Comments, information, and opinions expressed are those of the individual writers and not necessarily shared by the Board of Directors. Official notices from the Board will be signed as such.

Our Management Agent will continue to monitor the progress of the Acorn Storage facility as construction continues. If you would like to receive updates via email, please be sure TLC has your address. You can email them at email@TLC-PG.com to be added to the list.

Please protect your pets and property. With this construction, there have been a variety of "sightings" including coyotes and various rodents and snakes. One way to help prevent a problem is to be sure your trash cans have lock down lids when they are placed curbside. And as always, they should be stored in your garage until trash day.

.



If you are having problems with your gate entry code, you will need to contact TLC at 386-219-2010 for a new code.

The system was cleaned up in January. If you did not respond to the notice that was sent in December regarding the purge of the system, you will need to be given a new code.

We will be adding a crosswalk on Jasmine Vine at the entrance of Hampton Oaks so our children, and all residents can cross Roscoe Turner safely.

It is important for motorists to remember that in Florida, the law requires cars yield to pedestrians in crosswalks.

ATTENTION PARENTS:

Please remind your children to look both ways before crossing the street and entering the roadway. They should also ride their bikes on the Roscoe sidewalk rather than in the entrance way and streets. We have traffic, including commercial vehicles, in and out of the community constantly.

ARC ANNUAL REVIEW

Our Community is governed by Covenants and Restrictions (available on TLC-PG.com) which help to preserve and maintain property values.

The Annual Review of Lots, done by the ARC, is coming up again in mid-late Spring.

The review is done to insure that basic maintenance items, i.e. lawn care, sidewalk and driveway maintenance, landscape beds, routine pruning of trees and shrubs and structure maintenance, roofs, fascia and soffits are being addressed.

The ARC thanks all of our neighbors in advance for their co-operation.

POLICE PATROL

The Sanctuary has contracted with the City of Port Orange to continue to periodically patrol our neighborhood. You will continue to see the presence of the Port Orange Police Department patrolling our streets and issuing citations.

In order to avoid tickets and/or fines, please be sure to always obey all local driving laws including speed limits, stop signs, and parking restrictions.

Spring Update From The Landscape Committee

This is such a great time of year when our beautiful neighborhood starts to come alive as our flowering shrubs start to bloom and we plant our new spring annuals around the community. As we continue our efforts to keep things looking good, we have recently removed the Saw Grass plants in one of our islands on Roscoe Turner, and replaced them with 4 new Robellini Palms. As other projects are planned, we will continue to keep you updated. As you start to think about spring and freshening up your own gardens, I have attached a list of flowers and plants that grow well in our central Florida area.

Flowering plants that are recommended for the central Florida area are:

Annuals & Perennials: Cannas, Impatiens, Marigolds, Nasturtians, Pentas, Purple coneflowers, Salvia, Shrimp plant, Sunflowers (especially Mexican), Lantana, Cosmos, Zinnias, Powder Puff, Portulaca, Blue Daze, many varieties of Jasmine, Milkweed, Loropetalum (Chinese fringe tree but not really a tree), Ruellia (Mexican petunia), African Iris, Walking Iris, hibiscus, many varieties of gingers, fire bush.

Natives - Spotted Bee Balm, Blue Curl, Gaillardia (Indian Blanket Flower), Canna Flaccida, Black-eyed Susan, Coreopsis (Tickseed), Stoke's Aster, Pickerelweed, Adam's Needle.

Herbs: Thyme, Mint, Basil.

Vines: Coral honeysuckle, Passionflower, Carolina Jessamine, Cross Vine, Trumpet Creeper. All of these vines are native to Florida. *Note: The native passionflower vines are Passiflora Incarnata and Corky Stem 'Passiflora Suberosa.*

Other: Saw Palmetto, Walter's Viburnum, Chaste Tree, Sea Grape, Bottlebrush trees, Spanish Bay-onet, Ligustrum, Southern Magnolia. Liriope.

These are just some of the plants that pollinators will love that are easy to find in nursery centers.

Happy Gardening!

Connie Pawela; Joyce Velba

The Committee also recommends that the crepe myrtles at our entrance not be trimmed. This should enable them to produce more flowers. We will be trying their suggestion this year to see how it works.

Few things aggravate a neighbor more than a pet owner that does not pick up after their dog. This problem is on the rise in our community , especially along the Roscoe Turner walkway.

Don't make your responsibility somebody else's problem. Pet owners need to clean up after their pet every time, **NO EXCEPTIONS!**

If you know the address of an offender, call our management agent, TLC to report the incident (s). Call Animal Control at (756-7400) if you have picture proof of a homeowner not picking up after their animal, a dog is off a leash, or for excessive barking.

PLEASE respect your neighborhood.

ALL of your neighbors will thank you!

Although most homeowners spend time, effort and money to keep their sidewalks and driveways looking good, many forget about the storm water drainage trenches (Miami curbs) that run along the curbing in the front and sides of our homes. Please remember that these trenches should also be kept clean of dirt, mildew and debris. Everyone working together keeps our neighborhood looking good and property values high.

All HOA matters, including emergencies, maintenance needs, and complaints, should be directed to our management office: Cheryl Weber, TLC Professional Group,5889 S Williamson Blvd. Suite 1301,Port Orange, FL 32128 386-219-2010

BEFORE making any changes to the exterior of your home, your plans MUST BE APPROVED by our architectural review committee. Applications are reviewed monthly at the ARC monthly meetings Revised forms can be downloaded from our management website: TLC-PG.com

If your mailbox needs to be replaced call Stu Munson at 322-7033 for information regarding supplies and costs.
