A MESSAGE FROM OUR PRESIDENT

August 13, 2019

It started out as just another walk around the neighborhood, but it ended in saying goodbye to a long-time neighbor.

We probably had dozens of short conversations over the years. You know the quick, breezy exchanges that neighbors make. Not necessarily deep, but more than just the weather. But this one turned out different. I noticed the For Sale sign, just a few days ago. How long had they lived here? Wow, 20 years. I ought to have remembered, it was just a month or so after we moved in ourselves. Did that much time pass? We just moved here. Our kids played outside, they biked past their home. Our boys went to school. They grew up. They moved out … As for my neighbors, life had its ups and downs as well. Today it was summer, tomorrow Christmas, and then spring again. And it happened over and over, until we reached today.

The grass is freshly cut, the house as pristine today as the day they moved in. Another family is eager to move in. But it's gotten too much to take care of. The grass. The pool. Maintenance (thanks HOA!). Her husband has since passed. And so, it's time to move on as well. We bid our farewell and wished her God's best. We'll miss her. And there went 20 years.

And that's why I live in the Sanctuary. We're not perfect here, but we try to make it a great place to live, bring up a family, enjoy our time on earth.

If you're new to our neighborhood, a very hearty welcome. If you've lived here 20 years, 10 years or 5, go meet your neighbor. You never know when you'll have that last driveway moment.

STORAGE UNITS (ACORN) CONSTRUCTION UPDATE

Dave Hampton, our HOA Vice President has been engaged in an ongoing conversation with the developer of the construction project located in the front of the Sanctuary.

He has been told that the units parallel to Roscoe Turner will soon have roofs in place and then the walls will be completed with building materials and stucco. The open spaces between buildings will be constructed in October. You may notice that the interior roads are now being paved.

Acorn Storage has also contacted with Jim Rielly's Tree Service to start cleaning the overgrowth of trees and vines along Roscoe Turner as Jim will be there cleaning up on our side of the entrance gate.

The entire project is projected to be complete by year end.

OFF HIGHWAY VEHICLES

The HOA of the Sanctuary on Spruce Creek **does not allow** the use of Off Highway Vehicles of any type in our Community. The Port Orange Police Department has seen an increase in these vehicles and has concerns regarding safety issues and unlicensed use. They will continue to fully enforce violations to include vehicle towing and traffic violations.
