JUNE 2024 COMMUNITY NEWSLETTER

A MESSAGE FROM OUR PRESIDENT

The calendar already says late May! My how time flies. It's an old cliché for sure, but true for me nevertheless.

By the time you read this we'll be into the start of summer and all of the activities that brings - Family gatherings, picnics, vacations, and being Florida……Hurricane season (ughh!)

That said, the neighborhood has been busy. We're getting into the groove of things with our new management company – Tout Management, and we appreciate the smooth transition we've had to date. Our ARC and landscaping committees are doing an awesome job at keeping our neighborhood in tip-top condition. Thanks for your hard work! And we continue to work on projects to improve the Sanctuary and respond to changes as they come.

And speaking of change, one of our long-time board members – Dave Hampton, has recently stepped down after many years serving on the board, and is hopefully enjoying some needed rest. We ask a lot of our board and committees, and they've done admirably. Dave brought a lot of construction experience to the table. His help through the years has been invaluable. We'll miss that. Knowing Dave, though, I'm sure we'll tap into that knowledge as time goes on as well. Thanks again Dave for all you've done!!

So as a result, we want to welcome our newest member, Paul Klein to the board. Paul and his wife Michelle, have been here a few years already and are active participants in our meetings. Paul brings a wealth of experience on boards and non-profits. His expertise will be much appreciated as he fills out the remaining term of this board position. We look forward to working with him. Be sure to congratulate Paul when you see him.

Enjoy the coming summer holidays.

UPCOMING VOLUSIA PROJECT IN OUR COMMUNITY

During Hurricane Ian, the excessive water flowing in our west side tributary, located at end of RTT, compromised the fresh and waste water pipes coming from the Spruce Creek Fly-In.
These pipes are located spanning over the tributaries water culvert pipes. The county immediately shored up the pipes and added fill where necessary. Working with FEMA, they have secured funds to relocate the existing piping to go 10 feet under the culvert pipes. This project will not interfere with the fresh or waste lines.

Their most recent communication to Tout Management has the project tentatively starting the end of June/beginning of July. They mentioned contacting Tout several days before beginning the project.

In reviewing the engineering plans presented to us, the vast majority of the project will take place near the tributary and towards the Fly-in property. There will be work performed along the fence line about 100 feet back from the end of RTT. At this time we are not aware if the contractor will be closing the RTT & SGB west intersection. The County did not mention a tentative timeline for completion.

We will pass along any updated information via an email from Tout Mgmt. To any new homeowners, please connect with Ashley at Ashley@Toutmgmt with an email address. This is also important as Hurricane season is here and any information concerning our community or area can be passed quickly.

Thank you to all for your patience during this project & have a great summer season.

Dave Hampton

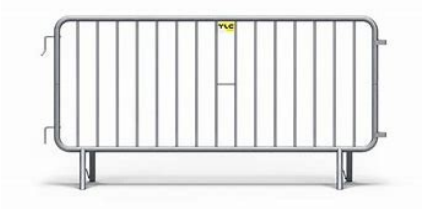
PLEASE respect your neighbors and your neighborhood.

All dogs and cats should be on a leash when outdoors, whether it is your property or common grounds.

Do not allow your dog or cat on your neighbor's property.

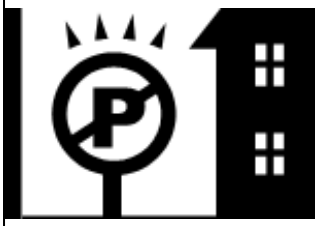
All pets should be picked up after.



PARENTS, PLEASE KEEP YOUR CHILDREN SAFE AND AWAY FROM THE SIDEWALK GUARD RAILS

A few years ago, Sidewalk railings were installed throughout our community. These were put into place for the safety of our residents due to the drop off next to the storm drains by the sidewalks. Children have been climbing on these railings, using them as gym bars. Please instruct your children of the dangers this presents if they should slip or fall. We pride ourselves in having a safe and beautiful community.

Thank you for your attention in this matter!



The 2016 Florida Statute, Title XXIII prohibits vehicles from stopping, standing or parking on a sidewalk or crosswalk. Please remember that it is illegal to do so even if it is YOUR OWN driveway.

Overnight street parking is also prohibited per our C&R's.

As in the past, the Port Orange Police Department continues to patrol our community.

If you are interested in having your viewpoint included in our newsletter, please send your letters via email to the Editor, Nancy Graer at sscnews@outlook.com.

Letters should be of matters of community interest and include your name and address. The Editor and/or BOD reserve the right to edit these letters.

CAN YOU BELIEVE IT….HURRICAN SEASON IS QUICKLY APPROACHING!!!

PLEASE REMEMBER THAT IT IS IMPORTANT TO KEEP STORM DRAINS CLEAR OF ALL DEBRIS

Removing any leaves or debris from your storm drains will keep the city storm water system working. Call the Public Works Department to report clogged, blocked or polluted storm drains at 386-506-5575.

Items that should NOT be dumped into the storm water system include:

- Yard Waste
- Garbage, refuse, or litter
- Chlorinated swimming pool water
- Household waste water
- Oil, automotive fluids
- Paints, varnishes, solvents
- Herbicides, pesticides, fertilizers

As a reminder, our covenants state that hurricane shutters cannot be hung earlier than 72 hours prior to a named storm and must be removed no later than 72 hours after the storm has passed.

The safety of our pedestrians and bicyclists is a top priority of our Community. Please obey all laws and safety tips including the wearing of protective head gear. Bicyclists on sidewalks should yield to pedestrians. Be aware of your surroundings and please be extra careful since there has been new cement work completed,

CARS SHOULD YIELD TO ANYONE IN THE CROSSWALKS.

DO NOT ASSUME THAT YOU ARE SAFE BECAUSE YOU MAY HAVE THE RIGHT OF WAY.

ENSURE THAT YOU ARE SEEN BY THE DRIVER OF THE VECHILE.

Enjoy our Community and stay safe!
